

## College of Basic Education – Haditha

### Department of Sciences 2019-2020

No.	Student(s)	Research Title	Supervisor
1	Haneen Aref Abd Hadeel Khairy Mohammed Afrah Jassim Mohammed	Remote sensing technology: science and application	Teacher Eid Muhammed Munawer
2	Mohamed Kamel Abdel Latif Anmar Suleiman Daoud Duha Abdul Rahman Ali	Studying the properties of graphene	Asst. Teacher Ayoub Youssef Ahmed
3	Mays Freeh Atallah Nada Maryam Abdel Samad Falih Estareq Tariq Ali	Thin Films, Methods of Preparation and Applications.	Asst. Teacher Saad Jassim Mohammed
4	Youssef Mohamed Khamis Shaima Shaaban Salman Sahar Waddah Fakhri	Studying the properties of zinc oxide with nanostructures as a gas sensor.	Asst. Teacher Muhammad Najeeb Jassim
5	Hajar Nihad Abdul Razzaq Noor Tariq Ali Marwa Malik Gharbi	Electromagnetic waves and their biological effects.	Asst. Teacher Muhammad Najeeb Jassim
6	Mohammed Hammad Khalaf Ismail Muhammad Amash	The effect of the Tragist model in the acquisition of science	Asst. Teacher Mohamed Hamid Mohamed
7	Zahra Hadi Hamad Reem Abd al-Salam Abbas	The impact of using complex questions in the academic achievement of second-intermediate female students in sciences subject.	Prof. Dr. Akram Yassin Muhammad
8	Marwa Ahmed Rahiel Hadeel Hatem Aifan Wafaa Jawad Dhari Souad Emad Ibrahim	Preparation of 2-mercapto-benzoimidazoles for the use in the formation of new complexes with cobalt and nickel	Asst. Teacher Numan Farouk Numan
9	Ismail Arif Khalifa	Preparing and	Asst. Teacher

## College of Basic Education – Haditha

### Department of Sciences 2019-2020

	Khaled Mohamed Salem Ali Ahmed Khalaf Madloul Talal madloul Abdullah Hatem Mousa	characterizing of graphene oxide nanoparticles containing Feo particles	Numan Farouk Numan
10	Iman Ashour Jadaan Jubeir Nasser flowers Lect. Ahmed Khalaf Spectra	Preparing and characterizing Manch's bases and evaluation of their biological activity	Asst. Teacher Numan Farouk Numan
11	Hind Khalil Hammadi Dhiya Zahir Mahdi Tabareq Redha Nassif Yaqeen Youssef Ismail	Preparing azo dye.	Asst. Teacher Abdullah Zaid Khalaf
12	Alaa Rashid Khalil	The effect of using the active learning strategy	Dr. Ali Rabie Hussein
13	Nour Essam Abdel-Baqi	The effect of using the brainstorming strategy	Dr. Ali Rabie Hussein
14	Fatima Fadel Musa,	The effect of using caricatures in the achievement of first-grade intermediate students in general sciences.	Prof. Dr. Akram Yassin Muhammad
15	Zahraa Duraid Aziz Bedour Ahmed Nazzal Huda Sabri Awwad	Preparation and identification of quaternary and hexagonal silver particles for the use as an antibacterial	Asst. Teacher Numan Farouk Numan
16	Haneen Muayyad Sinan Hyam Walid Abdel Karim	The effect of using pictograms in the achievement of second-intermediate school students in general sciences.	Prof. Dr. Akram Yassin Muhammad
17	Fahad Khamis Fahad	The effect of teaching chemistry using the strategy (think-write-pair-share) in improving the understanding of second-intermediate students and	Dr. Ali Rabie Hussei

## College of Basic Education – Haditha

### Department of Sciences 2019-2020

		developing their motivation to complete classroom assignments	
18	Anfal Ziad Fawzy Saadia Faraj Kanaan Seif Riyadh Eyadah	The Effect of using silicon and zinc on some blood and immune traits of local female rabbits	Asst. Prof Dr. Khaled Dfeig Ahmed
19	Shahd Aziz Rashid Nyhaya Nabil Abdel Karim Fatima Qassem Muhammed Ruqayya Ziyad Muhammad Dhuha Dawood Salman	The effect of using sodium fluoride on the work of the thyroid gland and some blood characteristics of local female rabbits	Asst. Prof Dr. Khaled Dfeig Ahmed
20	Othman Kamel Abdul Latif Ali Hussein Fadhel Shaima Abdel Salam Najm Iman Khaled Hamid Mostafa Yassin Mahmoud	The Effect of using wormwood, frankincense and insulin on blood sugar level and some blood characteristics of diabetic rabbits	Asst. Prof Dr. Khaled Dfeig Ahmed
21	Ruba Saadi Fadhel Maryam Abbas Sauod	The effect of using probing questions in the achievement of first intermediate students in general sciences	Prof. Dr. Akram Yassin Muhammad
22	Lubab Akram Yassin	The effect of the circular house shape strategy in the achievement of science for secondary school students	Dr. Ali Rabie Hussein
23	Hussein Allawi Kanash Jacob Issa Ayed Basha'ir Msari' Hassan Hadeel Barzan Saleh	The effect of extracts of Ganoderma Lucidum and morinka on inhibiting the growth of some types of bacteria that are pathogenic to humans	Prof. Dr. Ahmed Farhan Ramadan
24	Faisal Hameed Hamid Qais Hameed Khalaf Aftan Yassin Aftan Abdullah Al-Bashir	Revealing the qualitative and biological characteristics of the springs of Hejlan Valley	Dr. Huda Abdullah Ali

## College of Basic Education – Haditha

### Department of Sciences 2019-2020

	Muhammad Fathi		
25	Ali Ibrahim Fadhel Ahmed Hameed Abd Khader Akram Safer Mustafa Thaer Howeidi	Extraction of protein and some bioactive compounds from blue-green algae	Dr. Huda Abdullah Ali
26	Ahmed Ali Hussein	The effect of using a strategy of similarities in acquiring scientific concepts for science subject among students of the second-intermediate school students.	Dr. Ali Rabie' Hussein
27	Muhammad Khalifa Muhammad	The effect of using the imaginative learning strategy in the achievement of science subject among the first – intermediate school students.	Dr. Ali Rabie' Hussain
