

## College of Basic Education – Haditha

### Department of General sciences 2021-2022

No.	Student(s)	Research Title	Supervisor
1	Sara Abd Albaset Ahmed Makarem Abd Albaset Ahmed	Effect of aqueous extract of wheatgrass and aloe Vera on some blood traits in local female rabbits.	Assist. Prof. Dr. Khalid Dfeek Ahmed
2	Khansaa Bandar Hamad Fadia Yaseen Hamdi Athraa Abd Albast Ibrahim Reem Shukr Mahmoud Eman Rasheed Hameed	Evaluation of the Viability of sunflower seeds and vigor seedlings activated with amino acids	Assist. Prof. Dr. Ahmed R. Mohammed
3	Zeina Hazem Abdel Latif Amna Zahir Abdel Aziz Shaima Tariq Saeed	Effect of soaking sesame seeds with yeast extract and ascorbic acid on germination and seedling vigor.	Assist. Prof. Dr. Ahmed R. Mohammed
4	Fatima Waleed Farag Nabaa Jihad Abd Al-Razzaq Zina Mezher Hussein	Study of changes in some laboratory characteristics of mung bean seeds by the effect of soaking with yeast extract and gibberellin	Assist. Prof. Dr. Ahmed R. Mohammed
5	Enas Mahmoud Mohamed Qatar Alnda Shehab Maryam Thamer Raja Nour Nasir Radi	Study of the structural and optical properties of nickel-doped cobalt oxide films Asst.	Muhammad Najeeb Jassim
6	Hammam Juma'a Khader Bahjat Aboud Muhammad Ali Faisal Ghazi	study of the properties of a nanocomposite from indium oxide and cadmium	Muhammad Najeeb Jassim
7	Anfal Fadel Afar Basma Muhammad Tariq Marwa Thabet Abdel Rahman	Allergic properties of cadmium oxide films towards some gases.	Muhammad Najeeb Jassim
8	Mahmoud Hashem Susan, Zaid Abdel Halim Wasit, Alaa Jabbar Muthry, Ahmed Saeed Sayah, Omar	Studying the relationship between Co Q10 and myocardial infarction	Abdullah Zaid Khalaf

## College of Basic Education – Haditha

### Department of General sciences 2021-2022

	Anwar Hammoudi		
9	Naseer Muhammad Ali, Taher Tahseen Attia, Melad Nahed Muhammad's , Suha Majeed Abdul- Karim	Finding the relationship between interleukin 19 and angiobutin-2 with diabetes and its effect on blood vessels	Abdullah Zaid Khalaf
10	Rawa Abdullah Hammad, Marwa Ahmed Matar	A study on acne and its relationship to vitamin D and interleukin 17	Abdullah Zaid Khalaf
11	Mohammed Najm Abdullah Seham Mubarak Sharqi Eman Tariq Dulaimi Alia Daoud Muhammed	The effect of using microwave radiation on the life of sitophilus oryzae	Osama Taha
12	Rafal Wathiq Abd, Nabaa Ayed Abdulaziz, Ahmed Afar Jazaa, Abdullah Nazim Abdullah, Soraya Nasser Abdel Halim	Synthesis and characterization of an organo-nanocomplex from the reaction of 5- methoxybenzamidazolylthiomethanol with silver nanoparticles	Numan Farouk Numan
13	Abu Bakr Aftan Tohme	Electromagnetic phenomenon and its effect on humans	Numan Farouk Numan
14	Shahd Manaf Ahmed, Esraa Abdel Rahim Barzan, Sarah Khamis Ibrahim	Synthesis and characterization of some oxazole derivatives containing multiple functional groups	Numan Farouk Numan
15	Donia Waad Mohammad, Maryam Abdul Rahman Abdullah, Sura Iyad Shehab, Sarab Ali Saleh	Synthesis and characterization of new drug compounds derived from 2-aminobenzothiazole	Numan Farouk Numan
16	Tariq Hamid Sherida Saddam Hussein Ahmed Muhammad Khaled Majid	the effect of using Daniel's model in acquiring scientific concepts for science among fourth-grade students and their attitudes toward science	Ali. Rabie Hussein

## College of Basic Education – Haditha

### Department of General sciences 2021-2022

17	Amin Fadel Othman Osman Mohammed Gharbi Qutaiba Ali	the impact of Janiya's educational model in the acquisition of science for the fifth grade of primary school	Ali. Rabie Hussein
18	Amna Jawdat Kamal Fatima Nafeh Abdul Latif	The effect of the brain-based learning strategy on the achievement of science for fifth graders	Ali. Rabie Hussein
19	Soheir Mohamed Hamadeh Khetam Riyadh Abdel-Samad:	The effectiveness of accelerating thinking in acquiring scientific concepts for second-grade students of the middle school	Ali. Rabie Hussein
20	Akram Ayef Khalaf Ibrahim Majid Melihan Munther Saadi Melihan Munther Majid Mutlaq	The effect of using Karen's model in acquiring scientific concepts for science for fifth graders	Ali. Rabie Hussein
21	Muhammad Muammar Baha Al-Harith Abdul Hamid Abdullah Amer Rahil Maryam Hamid Hazim,	the effect of using concept maps in the achievement of science for sixth graders of primary school	Ali. Rabie Hussein
22	Esraa Star Abdul-Jabbar Zaytouna Hakim Suleiman	The effect of using the Thelin model in acquiring scientific concepts for science for sixth graders	Ali. Rabie Hussein
23	Tayseer Saadoun Noor Hilal Mohammed Reem Mohammed Samir	Use X-rays to analyses the strength and vitality of seeds	Malath A. HAMED
24	Hazem Mohammad Khalil Ali Thabet Dahman	Cognitive dissonance and its relationship to self-regulation among university students	Mohammed hameed mohammed
25	Osama Khaled Mohammed Othman Mowafak Nawar	Cognitive bias and its relationship to mental motivation among middle school students	Mohammed hameed mohammed
26	Othman Sami Saghir	Mind habits and their relationship to	Mohammed

**College of Basic Education – Haditha**

**Department of General sciences 2021-2022**

	Muawiya Khalil Ali	cognitive failure among middle school students	hameed mohammed
